GEOGRAPHIC REACH

Flint's footprint encompasses more than 60 operating locations extending from the Arctic Circle to the Gulf of Mexico. This geographic reach enables Flint to meet the needs of its clients wherever they are working. Flint is located within or near each major energy-producing basin in North America.

SERVICE DELIVERY

Flint's reputation is based on consistently delivering projects on-time, on-budget, and with the highest level of safety in the industry. Thanks to the efforts of more than 11,000 dedicated employees, Flint was voted by its peers as Supplier of the Year 2007. In 2008, Flint was named Ernst and Young's Energy Services' Entrepreneur of the Year for the Prairies Region.

SAFETY

With a zero-injury goal, Flint has delivered an impressive safety record in the industry. Flint continues to be a leader in the implementation of successful safety programs and practices that maintain and improve the safety of its employees. Flint's proactive Safety Management System reflects the integration of the successes, innovations, safety fundamentals, and benchmarking practices and programs developed by the organization and backed by a committed corporate safety team.
